Greg Ardé
War Party
How the
ANC's political killings
are breaking South
Africa

Beautifully written
and impeccably
researched. This
book is so good,
so important and
so relevant that it
left me
speechless. -
Jacques Pauw

Journalist Greg Ardé exposes a deadly nexus of politics, crime and the taxi industry.

The ANC's cadre deployment has inextricably entwined the ruling party and the state. In KwaZulu-Natal, the party's powerhouse province, IFP-ANC warfare has morphed into an internal ANC battle that has created a monster of competing patronage networks. While leaders avert their gaze, comrades are killing each other for jobs and tenders.

Corruption, failed policing and the *izinkabi* hitmen of the taxi industry loom large as the author investigates the battlefield that is KwaZulu-Natal, which threatens to spread across the country. Travel with Ardé across the dusty towns of the provincial hinterland into the dark heart of South Africa's 'culture of blood'.

'Read this book. Get angry. Get active.' - Sam Sole
